FROM:

[Redacted]

Chief, Insurance Operations Division

SUBJECT: Production During Overtime Hours

1. You had asked how many claims are produced during overtime. For the period, 2 October through 7 December, 3,944 claims have been processed in 568 hours. That is an average of 6.9 claims per hour as opposed to an average of 4 claims per hour which is produced during the work day.

REMARKS

Joe,

Attached are the statistics that you requested. I am also forwarding some that I requested from Judy in the event that Mr. Magee asks the same question that he did last year about total participants in CIARDS.

"Why is the number of CIARDS participants declining?" Answer - there are less employees overseas. The statistics from Judy will prove this statement to be true.
